“[With Amplify CKLA] ... we saw every change we were hoping to see and more. Faster than we ever expected to see change like that happen. It has sustained all the way from those pilot classrooms to where we are now. Where we had previously said, ‘Kids aren’t ready; it’s not appropriate; they can’t do it,’ we now stand in awe of what they are learning and doing. They can do every bit of it and more when we give them the chance to do it.”
